Junkyard Wars Video
Tech Lab

Name: _____

Date: _____

Hour: _____

1. Identify the Problem – What were the teams challenged to do?

2. Generate Alternative Solutions – When did the teams brainstorm their ideas?

3. Select the Best Solution – Draw a rough sketch of the final solution of each team.

Team #1	Team #2

4. List some of the resources used by the teams while building:

Remember the categories of Resources:
Tools/Machines/Processes
Time
Energy
People
Information
Materials
Capital $

5. At this point, which design do you think will work best and **why**?

6. List one <u>advantage</u> and one <u>disadvantage</u> that you see with each design.

Team #1

Advantage

Disadvantage

Team #2

Advantage

Disadvantage

6. What changes would you make to the designs if you were on the Junkyard teams?
